Introducing

INDIVIDUAL PPE PACK

A bespoke, user-friendly sealed protection kit,
developed for customers and staff

TRAVEL PPE

personal protection equipments kit for travellers

THE SOLUTION | Our proposal

Not everyone leaves their home or office equipped with adequate PPE protection to deal with the variety of daily situations we encounter.

Travel PPE is a small foldable pack that can fit in your pocket, handbag, or manbag.

It is single use, disposable, convenient and discreet.

Popular for train stations, airports, ferry ports, motorway service stations and to pick up in local shops.
